

# **HOW MUCH HIGHER CAN IT GO??**

## **Do you want to continue working until age 65??**

- **If Teamcare premiums cost keep going up at the current rate of \$100.00 a year, can you afford to retire?**
- **What will the cost be at that rate of increase when you retire?.....DO THE MATH!**
- **Did you know retirees and their families currently have to pay \$400.00 a month for healthcare?**
- **Do you know that retiree Teamcare healthcare plan is inferior to workers Teamcare Plan?**

### **Retiree Teamcare Plan**

- \$20 co-payment
- Emergency room 80% 100% after out of pocket \$1,000 is met
- Outpatient 80% - 100% after out of pocket \$1,000 is met
- Out of Pocket cap per person \$1,000 per family \$2,000
- Hospital admission 80% - 100% after out of pocket \$1,000 is met
- Dental \$1,500 max per person per calendar year
- Prescription 75% for generic
- Annual Plan Maximum \$200,000 per person per calendar year
- Your children are dropped from Teamcare when you & spouse reach age 65
- Anyone on Medicare disability is dropped from Teamcare
- Please be advised that in order have a child enrolled in Teamcare at least one parent must have coverage.

**If you don't act NOW to freeze and lower premiums for the Teamcare healthcare plan for retirees! What will the cost be per month when you retire? ..... \$1,000 or \$2,000 ????**

**There is also the need to increase the annual limit! One triple by-pass and 4 days in hospital and your annual limit is done!!!**
